

***Jun Tang***

***Vice President, Marketing & Sales***

***BWXT Canada Ltd.***

Jun Tang is Vice President of Marketing and Sales at BWXT Canada Ltd. (formerly Babcock & Wilcox Canada Ltd.). A subsidiary of BWX Technologies (BWXT), headquartered in Lynchburg, VA, BWXT Canada Ltd. is a world leader in the design, engineering, manufacture and service of commercial nuclear components.

Jun's 24 year career includes 19 years spent with BWXT Canada Ltd. for the nuclear business. Jun originally joined BWXT Canada Ltd. in 1993 as a Design Engineer. In 1995, he accepted an opportunity with Innovative Steam Technologies but returned to BWXT Canada Ltd. in March 1998. Since his return, he has held progressively responsible positions including Manager of Nuclear Proposals and Manager of Nuclear Sales and Marketing.

Since 2008 Jun has been a part of the BWXT Canada Ltd. executive staff, leading marketing and sales for the organization's nuclear equipment and service business. This executive position plays an active role in determining business strategy and direction for the business in both Canadian and international markets.

Jun holds a Bachelor Degree of Engineering from Tongji University, a Master Degree of Engineering from McGill University and a MBA from Wilfrid Laurier University. Jun also sits on the Board of Directors for the Organization of Canadian Nuclear Industries.
